**SUPERIOR COVERAGE.  
TRUSTED SOLUTIONS.  
HEALTHIER FACILITIES.**

In facilities where people work, live and play, illness-causing germs can quickly spread on surfaces. Manual cleaning methods and traditional disinfecting tools aren't designed to effectively reach all areas, leaving facilities and tenants at risk of illness.

**The Clorox® Total 360® System offers a revolutionary new way to get the job done right.**

The Clorox® Total 360® System pairs an electrostatic sprayer with a portfolio of Clorox disinfectants and sanitizers to ensure all surfaces – even those hard-to-reach, difficult-to-clean areas – are properly treated. The superior surface coverage helps keep facilities healthier, while also saving time and money. Clorox® Total 360® Disinfectant Cleaner kills MRSA, norovirus, and cold and flu viruses to help reduce pathogens like never before.
